SHARIAH COMPLIANT ARRANGEMENT

Frequently Asked Questions (FAQ)

Q: What are Shariah Compliant Arrangements?

A: Shariah Compliant Arrangements are set up to enable members to have their health membership administered in accordance with principles that are Shariah Compliant. Shariah is the religious concept of Islam – namely, its law. Shariah compliant financial arrangements are governed by the requirements of Shariah and the principles of religion. The Shariah Compliant Arrangement is not a new benefit option, but an arrangement offered on each of the 24 existing Discovery Health Medical Scheme plans. There is no change in the benefits, limits or the contributions if members choose the Shariah Compliant Arrangement.

Q: How is contributing to the Shariah Compliant Arrangement different to the other plans?

A: The Shariah Compliant Arrangement complies with the Takaful principles found in Islamic commercial law. The Shariah Arrangement, for example, will ensure that there is no ambiguity in contracts and excludes the receipt or payment of interest. In addition, it will exclude investments in companies involved in non-Shariah compliant activities such as products or services related to conventional banking, insurance and financial services, gambling, alcoholic beverages, and non-halal food products. Our externally appointed Shariah Advisory Committee ensures the strict adherence to these requirements.

Q: How are members of the Shariah Advisory Committee selected?

A: The members of the Shariah Advisory Committee have been selected based on their stature, experience, and their knowledge in the Islamic finance world. The members have served as Shariah Scholars at leading local and international financial services organizations as well as consultants to regulators and industry associations.

Q: Will the Shariah Compliant Arrangement cost more?

A: No. In terms of the way the Shariah Compliant Arrangement is structured, contributions and benefits would not be different as this arrangement is not a new plan. We have ensured that our objective of providing access to a Shariah Compliant Arrangement has come at no additional cost or loss of benefit. In fact, the member not only gets access to the comprehensive range of cover and benefits that Discovery Health Medical Scheme offers, but the member also gets the benefit of Shariah compliance.

Q: How can I activate the Shariah Compliant Arrangement?

A: New members can simply tick the box on the application form indicating that the Shariah arrangement should apply. Existing members can opt into Shariah Compliant Arrangement through the Discovery website or call centre. Financial advisers and employers can make the changes on the Discovery website as well. (Financial advisers from 06 May 2022 with effect 1 June 2022 onwards. Employer zone functionality will be available at a later date).

Q: Where will the initial funding come from? E.g. if a new member joins in June 2022 when the arrangement is launched and is hospitalised in July 2022, where will the funding come from to cover the in-hospital costs.

A: Claims will be paid from a centralised account and accounted for regularly to ensure compliance. The payments of claims may happen from a centralised account however, to ensure Shariah compliance, there is a continuous reconciliation being done to ensure that claims paid are allocated correctly. We ensure that there is no interest earned or paid on any of the funds allocated to the Shariah arrangement.

Q: How will this affect members on employer groups e.g. employers making payroll deductions?

A: There will be no change to the current processes for contribution collection. Contributions collected will remain as a salary deduction which will be paid accordingly to the existing arrangement between employers and Discovery Health. Once the funds are received, Discovery Health will ensure correct allocation to ensure Shariah compliance.

Q: Is it only the contributions that can be invested, or members' Medical Savings Account (MSA) as well?

A: The entire arrangement is set up to be Shariah compliant, and this includes the MSA.

Q: Is there a board that is running this, and can members send their questions directly to them?

A: An independent Shariah Advisory Committee was established by Discovery Health Medical Scheme to secure upfront and ongoing compliance of all products and services marketed as Shariah compliant. Members of this committee include three leading scholars: Mufti Ahmed Suliman, Mufti Yusuf Suliman and Mufti Zaid Haspatel who serve on Shariah Boards both locally and internationally and who have been instrumental in developing Islamic financial products in South Africa. Queries to these scholars will be facilitated through Discovery Health.

Q: What are the specific investments where the funds will be invested in?

A: Our investment philosophy will be driven by the objectives of Discovery Health Medical Scheme while ensuring both regulatory and Shariah compliance.

Q: If there is a shortfall of funds how will this be covered? Does my claim have a risk of being rejected if there are no "Shariah" funds in the pool?

A: Discovery Health Medical Scheme has set up appropriate Shariah compliant financing structures that align with Takaful principles, to ensure that claims are not at risk of being rejected and paid according to the medical aid plan benefits, and members who choose the Shariah Compliant Arrangement will always constitute part of the Scheme's beneficiaries and party to the overall reserves.

Q: Is there a limit on the number of times members can opt in and out of Shariah Compliant Arrangement?

A: No, there is no limit on the amount of times members can opt in and out.

Q: If a member decides to opt in, as from when the new calculation would apply, will the new calculations reflect on the tax certificate?

A: The Shariah Compliant Arrangement will start from 01 June 2022, all contributions from that date will be allocated to this arrangement. There will be no impact to the tax certificates that will be issued for the period 1 March 2021 to 28 February 2022, and these tax certificates will be distributed as per normal.

For the next tax period, 1 March 2022 to 28 February 2023, the tax certificates will be updated to show that a member has opted in for the Shariah Compliant Arrangement and we will not issue IT3b letters to these members as they will not have earned any interest on their Medical Savings Account.

Q: Will members on a Medical Savings Account (MSA) plan move over to the Shariah arrangement with prior interest earned, or would we recalculate the MSA on the plan?

A: Members who were on MSA plans before opting into the arrangement may have received prior interest on positive MSA balances. Discovery Health will calculate the amount of interest allocated to the member in the most recent three years in membership. The member will receive a notification regarding the interest that they have received on their MSA in the past three years. The member will have the option to contribute an equivalent amount for their own account to a charitable organization of their choice at their discretion.

Q: In terms of the Regulations that govern how a medical scheme should invest the member's funds (Regulation 30), where and how does the Shariah compliant program fit in?

A: The funds from the Shariah Compliant Arrangement will be invested in-line with the asset restrictions and requirements of the Medical Schemes Act and Regulations and the Schemes Investment Policy in a Shariah compliant manner.

Q: What are your targeted returns on the Medical Savings Account (MSA) per annum?

A: The targeted returns are expected to be similar to the overall medical scheme returns. The funds are subject to the same market forces and comply with the investment guidelines as set by the Scheme's Investment Committee, the requirements of the Medical Scheme's Act and comply with Shariah Principles.

Q: Once the arrangement comes into effect from 01 June 2022, can the effective date be backdated?

A: No. The Shariah Complaint Arrangement will only be available from 1 June 2022 onwards.
