### About some of the terms we use in this document

There may be some terms we refer to in the document that you may not be familiar with. Here are the meanings of these terms

TERMINOLOGY	DESCRIPTION
Co-payment	This is an amount that you need to pay towards a healthcare service. The amount can vary by the type of covered healthcare service, place of service or if the amount the service provider charges is higher than the rate we cover. If the benefit co-payment or upfront amount is higher than the amount charged for the healthcare service, you will have to pay for the cost of the healthcare service.
Designated service provider (DSP)	A healthcare provider (for example doctor, specialist, allied healthcare professional, pharmacist or hospital) who we have an agreement with to provide treatment or services at a contracted rate. Visit <a href="http://www.discovery.co.za">www.discovery.co.za</a> or click on Find a healthcare provider on the Discovery app to view the full list of designated service providers (DSPs).
Discovery Health Rate (DHR)	This is a rate we pay for healthcare services from hospitals, pharmacies, healthcare professionals and other providers of relevant health services.

## Extended Oncology Benefit available to members on the Executive and Comprehensive Plans (not available on the Classic Smart Comprehensive plan)

The Extended Oncology Benefit provides continued cover for a defined list of medicine for specific conditions, as outlined in the table below. Approval is subject to meeting the Scheme's clinical criteria. We may ask an external panel to review requests for funding from this benefit.

We will continue to pay up to 100% of the Discovery Health Rate (DHR) for these specific approved medicines once the R400 000 12-month cycle cover amount is used up. Once the 12-month cycle cover amount is renewed, we will pay for the approved medicine from the 12-month cover amount. Please refer to [the Oncology Programme benefit guide](#) for all additional approved items such as consultations, facility fees and pathology.
